

Thought Record

A CBT worksheet for noticing and re-examining automatic thoughts. Bring it to your next session.

Prompt	Your notes
Situation What happened? Where, when, and who was involved?	
Automatic thoughts What went through your mind? Rate belief 0 to 100 percent.	
Emotions What did you feel? Rate intensity 0 to 100 percent.	
Evidence for the thought Facts that support the automatic thought.	
Evidence against the thought Facts that do not support the automatic thought.	
Balanced thought A fairer, more accurate way to see the situation.	
Outcome Re-rate your emotion now. What will you do next?
